1980	**Rutgers University** New Brunswick, NJ B.S./B.A., Computer Science, Psychology, Engineering

Recent Training Highlights

Java SE/EE

Delivered six weeks of vendor training material to a total of 56 students over a 5 month span for a national, mid-western based insurance company. Material consisted of an accelerated week-long SE course for different audiences of legacy mainframe developers preparing for training/reassignment to distributed environments.

Delivered fifteen weeks of training, over three years, using AJCIS material to various IT groups for the State of New York, Albany. Customized topics ranged from fundamentals training to web-app technologies. Also delivered programs for SUNY Albany.

Delivered three weeks of customized AJCIS/vendor training to the State of Louisiana/DCFS Baton Rouge, LA

Delivered accelerated training for several university groups preparing for Ellucian/Banner Groovy/Grails classes (GWU, BSU).

Unix/Perl

Delivered three weeks of Perl/CGI vendor training for engineers at Kirtland AFB responsible for active satellite management in Albuquerque, NM.

Delivered dozens of Unix/Linux/Perl AJCIS training for major NYC banks and brokerage firms. Perl training also included Perl on the MS Windows platform.

Microsoft .Net

Part of a team delivering both VB and C# .Net training in Philadelphia, PA, including separate groups of experienced developers and non-programmers.
